The Latest Fashions for Ladies.

(From Harper's Bazar.)

The rumor that crinolines are about to be discarded is untrue. The manufacturers are kept busy at work in filling the large orders of the dealers, and they are convinced that the reign of crinolines and its fashionable adjuncts will continue for some time.

On visiting the factories and comparing the different styles of skirt worn since the revival of crinolines in 1856, we agree with the proprietors that the shape to be introduced for the next season is desirable. In the first place, it is slightly larger than the shape worn during the summer.

The heavy materials of winter clothes make the skirt made to curve gracefully, instead of hanging out straight. The front of the skirt is perfectly straight, fitting smoothly over the figure, while the back is gradually sloping down, flaring out at the edge in a gentle curve.

Crinolines should be worn with short skirts. The new crinolines are made of two and a half yards in circumference for ladies of medium height. Skirts worn with long fullness are discarded.

The new open fronts, or "winged" skirts, are the novelty of the season. They are made of two yards in circumference, and are worn with a full skirt, which is open in front, and the wings are open in front.

The Religion of Japan—Origin and Process of Buddhism.

Dr. D. B. Simmons contributes an interesting article on the religion of Japan to the September number of Harper's Bazar.

It is known as the "Shinto faith" was the only religion of the Japanese for centuries. It was indigenous and peculiar to Japan, and was a mixture of naturalism and animism.

The Shinto faith is a mixture of naturalism and animism. It is a mixture of the two, and is a mixture of the two.

LEGAL NOTICES.

MORTGAGE SALE.

Whereas default has been made in the condition of a certain mortgage, made and dated on the 12th day of August 1897 by William H. Milliken to Joseph S. Johnson, and recorded on the 19th day of August 1897 at 10 o'clock A. M. in the office of the Register of Deeds of Carver County in the State of Minnesota, upon pages 271 & 272 of Book "A" of mortgages, which said mortgage was afterwards assigned by said mortgagee to Anna W. Johnson, by instrument recorded in said Register's office upon page 271 of Book "A" of mortgages; and by the said Anna W. Johnson afterwards assigned to Eugene M. Wilson by instrument of assignment recorded upon the same page; and by the said Anna W. Johnson together with her husband Joseph S. Johnson afterwards assigned to Eugene M. Wilson by instrument of assignment recorded upon the same page; and whereas there is now claimed to be due upon said mortgage the sum of \$231.20-100, and the said mortgage has paid taxes on said land with the legal interest on the same amounting at the present time to the sum of \$13.50-100, in all the sum of \$244.70-100.

Now therefore in pursuance and by virtue of a power of sale in said mortgage contained and the Statute in such cases made and provided, the following described land being the premises described in said mortgage, viz: that tract of land lying in the County of Carver State of Minnesota and described as the north half of the south east quarter, and south east quarter of the south east quarter of section six (6) in township one hundred and sixteen (16) north, of Range twenty six (26) west, will be sold at public auction to the highest bidder for cash at the front door of the Court House of said Carver County at the town of Chaska at 10 o'clock A. Description of Mortgaged premises—the west half of the south east quarter of section number one in township one hundred and fourteen of Range twenty four containing eight acres of land more or less situated in the County of Carver Minnesota.

Said mortgage was given to secure the payment of a certain promissory note bearing date with said mortgage, for one hundred and thirty seven dollars (\$137), payable one year from date with interest at the rate of ten per cent per annum.

Amount claimed to be due on said note and mortgage at the date of this notice is one hundred and fifty five dollars and eight cents (\$155 & 8c) no part of which has been paid, and no action or proceeding at law having been brought to recover the same or any part thereof, and default having been made in the condition of said mortgage. Encouraging Reports.

Reports from all parts of the County are most encouraging, and argue for an unprecedented democratic majority. Everywhere the action of the late Democratic County and Congressional Conventions meet with hearty approval, and gives strong assurance of a full turn out on election day. We can truly say, never within our recollection, was such an interest felt in the result of an election as there is evinced this fall. Prominent democrats from different towns of the County pledge us an increased majority over last year, and we have every reason to believe such will be the case.

Democrats relax not an iota of interest in the result, labor with your radical neighbor between now and election. Show him the difference in the two platforms. How the radicals pamper the Boardholder, and how the Democrats insist that each, poor and rich, shall be treated alike. Do this and the result will be satisfactory.

WHO WILL YOU SUPPORT?

As there are two Republican candidates in the field for Congress, Gen. L. F. Hubbard and Ignatius Donnelly, both claiming to be the regular nominee—one would like to know which one of these two will receive the support of the republican party of this County. All the radical press, with one or two exceptions, support Gen. Hubbard. Yet it is claimed in the face of this, that Donnelly is the strongest candidate of the two. Let us see, Goodhue County, the home of Hubbard the strongest radical County in the district—gave 1200 majority last year—will go for Hubbard without a doubt. Hennepin the next strongest County, will also without doubt support Hubbard, as also will the upper Mississippi Valley, who supported him in the nominating convention. He will get a fair vote in Ramsey, McLeod, Washaw and Washington Counties, being a large majority of the republican strong holds, which will assuredly guarantee him a larger vote than Ignatius Donnelly can possibly get. The only republican counties that Donnelly can carry are Wabasha, Washington and possibly Chisago.

Republicans of Carver County, in view of this discord in your ranks—of the means used by both candidates to obtain the nomination, alike dishonorable—is it not to your credit and advantage to support Capt. E. M. Wilson, the democratic nominee, a resident of Minneapolis, having interests identical to yours, in preference to either Hubbard or Donnelly. For once shake of this partisan prejudice and assert your manhood by voting for a candidate for Congress who has interests in conjunction with your own. Let Carver County roll up a majority of 600 or 700 for Wilson and you will have no occasion to regret the act. Shall it be done?

Maine and Vermont have gone Republican by the usual majorities.

County Fair.

The executive committee at their late session, drew up a list of premiums, and ordered the issuance of posters announcing the same, and also decided to hold the first fair at Chaska, on Saturday the 8th day of October.

The time is limited and the organization so imperfect, it is not expected to have as fine a display as otherwise might be expected. Still we hope to see an interest taken in the matter by every farmer in the county. Let also our merchants and others lend a helping hand, for certainly it will be greatly to their interest to have these yearly gatherings. We hope it will be a success.

LOOK HERE! We call the attention of our readers to the advertisement of Lucien Warner which appears in another column. From which it will be seen that he offers for sale a large assortment of Dry Goods, Clothing Boots & Shoes at and below cost, in view of a change of business. He also offers for sale the furniture, crockery, and house furnishings goods belonging to the estate of C. A. Warner. This is a good opportunity for those wishing anything in the above line, to make a good bargain. Give him a call.

FESTIVAL. The Festival at Young America last Sunday we learn, was a perfect success. A large number of Singers were in attendance from Minneapolis, St. Paul, Chaska, Wagona and Watertown. Albert Wolff, editor of the Staats Zeitung, delivered the address.

CLOTHING. Henry Young has received a large and complete assortment of winter clothing. Also Messrs Faber & Linsenfelder.

WHEAT.—A large quantity is being received daily by our merchants. The price paid ranges from \$1.22 to 1.26 according to the amount of competition. The Chaska mill company receives the major part.

AT WORK.—Work is being rapidly pushed forward on the foundation of the Catholic Church. It is designed to have the basement story ready for occupancy, within as short time as possible.

PERSONAL.—Col. L. L. Baxter left on Monday for Glenwood, to attend a session of the District Court, before which he has several cases.

H. C. Carlisle, of Farmington was in town last week, visiting his many friends at Chaska and Carver. We had not the pleasure of seeing him.

L. M. Brown of Shakopee, was in town during the week on his way to Glenwood to attend Court. H. J. Peck of this place accompanied him.

STARTED UP.—The steam Mill is again turning out its usual quantity of flour. The Mill is well officered as the following names will testify. J. S. Condit, business manager; Ehles and Hamel, Millers; Hopkins Engineer. Who says to the contrary.

WOOD.—This article is again in good demand, bringing \$3.50 per cord. A large quantity is being shipped weekly for St. Paul, by our fleet of barges.

LARGE GRAPES.—Mr. F. Theis, out P. M., has shown us a few bunches of Grapes, cultivated by himself, which surpasses anything of the kind seen by us in the State. They are of the "Isabella" species, and are uncommonly large and luscious.

FRUIT.—Those in want of delicious fruit, can find the same by calling at the "Post Office" stand. Kept by F. Theis. He has a nice lot of apples and grapes on hand.

SHOWER.—We were visited last Sunday night with a very severe rain and thunder shower, which lasted until Monday afternoon. A very large quantity of water fell.

Minnesota Iron Works.

This extensive and reliable firm, is so well known by our Mill companies, that it hardly needs a notice at our hand. But we might call the attention of our farmers to their advertisement in another column. It will be seen that they furnish a long line of articles needed on every farm, and at reduced prices. Builders can also find something to their advantage by a perusal of their advertisement.

RIVER ITEMS.—The continuous rain storm of last Monday raised the river some two feet at this place, to the great delight of river men.

The Chippewa Falls, continues to make tri-weekly trips under command of Capt. Jas. Houghton.

The levee also presented an unusually lively appearance this week. There was no less than five barges loading with brick and wood for the metropolis, St. Paul.

Great Earthquake.

MILWAUKEE, Sept. 14.—Reports received from the coast of Peru give accounts of a terrible earthquake, whereby thirty-two thousand lives have been lost, and thirteen cities entirely destroyed. The loss of property is immense. Full particulars will be given next week.

WEATHER. The weather has turned quite cold and uncomfortable.

ARTHUR'S HOME.—We are again pleased to find this excellent magazine upon our table. Its columns are full of instructive matter, and no other publisher outside of T. S. Arthur and Virginia P. Townsend are so capable of catering to the wishes of a refined class of readers as themselves. The "Hollands" by Mrs. Townsend is continued, and is fully as attractive as ever. All other magazines we would recommend this in preference to all. Address, T. S. Arthur, 311 Chestnut street, Philadelphia, Penna.

"Do not your juries give their verdict" in favor of "Barrett's Vegetable Hair Restorative." It is the universal verdict of mankind that it is the best in the market; let all who are becoming prematurely old-looking and bald begin at once the use of this never failing article.

Carver Items.

Our Special Correspondent.

PERSONAL.—Wm. B. Mohler, Clerk of Steamer "Cutter" running up Chippewa river, was in town a few days last week. Billie was looking very well after his long absence. He returned on Saturday morning.

H. C. Carlisle of Farmington, was also in town on Saturday. Mr. C. reports everything flourishing in Farmington.

DENIGATED.—The German Lutheran Church, of this place was dedicated to Almighty God, on Sunday last, in the presence of a vast assemblage.

RAINING.—Monday last was a raw, chilly, rainy, muddy day. A scarecrow to be seen on the streets.

FURNITURE.—Our friend John Snell, has been receiving lots of new furniture within the last week or two, and he has a very full assortment, and can suit most any one and at low figures. Give him a call.

WHEAT.—This article is coming into market quite fast at present. It brings \$1.25 to 26. Buyers from abroad are beginning to flock in. The Chaska Mill Co. seem to get more than their share, through their Agents, Knoblauch and Thompson, we presume they pay more than others.

REPAIRING.—Messrs. Miller, Reynolds & Comp. are engaged in repairing their boat which was sunk at Fort Snelling last spring and recently raised by John Helgeson. It was found in good condition, considering the time it had been under water. J. P. Turry "AIE" have the job, and it will be well done.

MEETING.—There will be a meeting of the Seymour & Blair Club, on Saturday night. All members are invited to be present.

ANOTHER.—Another kiln of brick has been burned by Messrs. Griggs & Miller. It contained 150 m. All will be used in town.

SICKNESS.—There has been considerable sickness about town during the last two months, keeping our worthy physician Dr. Rogers very busy.

RUN AWAY.—A horse team standing near Ed. Goetz residence, on Monday last, got frightened at some passing object, and started on a run. Throwing "wagon wheels etc." in all directions but doing no other harm.

Y. AMERICA.—A large number of our German friends, visited Young America on Sunday, to participate in the dedication of a new German Hall, at that place.

CONGRESS.

Both houses of Congress met on the

25th inst., and after a few preliminary

business adjourned to meet on Friday

the 10th day of Oct. Out of 224 Re-

publicans, 24 Senators were present, the

remainder being upon the stump. Such

is the present U. S. Congress.

Negotiating.

The friends of Demmely and Hubbard

are negotiating with the hope of fixing

up their little difficulty. How it will

turn out is a mystery yet.

The Maine Election.

The Radicals are making a great

noise over the election in Maine. It ap-

pears to give them extraordinary satis-

faction in not losing that State. They

have been directing all their efforts to

save it during the last six weeks. Ev-

ery influence that they could bring to

bear—the energies of their party in ev-

ery State of the Union have been brot-

to bear upon it—and in saving Maine

with all this effort they have carried the

State with a reduced majority from that

which they received at former elections

when a full vote was polled.

We can see nothing in the result to

discourage the Democracy. We remem-

ber well the noise, the hurrah and blus-

ter which the Republicans made over

the September election in Maine in 1856.

They carried the State then by a large

majority, showing a revolution of senti-

ment. The nature of the canvass was

such that the moral effect of their suc-

cess then was a thousand fold greater

than now. But when the October elec-

tion came Pennsylvania, gave a small

majority to the Democracy, and Bach-

man was elected President.

The signs of the times all indicate a

similar result in Pennsylvania in Octo-

ber this year, which will be followed by

the election of Seymour in November.

The only thing proven by the result in

Maine is that the Radicals, with extra-

ordinary exertions, are unable to retain

their former majorities.—N. Y. Citizen.

A Good Hint.

Senator Hendricks in one of his

speeches to the people of Indiana, said:

"The Radical Congress appointed of-

ficers of the Freedmen's Bureau to make

contracts for the negroes for a month's

wages, on the ground that they were

not intelligent enough to take care of

themselves, and then turned round and

invested them with the power to legis-

late for and run the Governments of ten

Southern States."

The Farmers Candidate.

Horatio Seymour is a farmer. He is

the only farmer that has been a candi-

date for President since the earliest days

of the Republic. When he is elected

we will again have a Farmer President.

His interests are identical with all those

who till the soil for a livelihood. The

farmers will all vote for him, if they

want one of their own number in the

Presidential chair.

the Canadian Legislative Assembly, died

Growth of the Public Debt in the Last Year.

The following are the exact figures of each public debt statement for the

past year:

Sept. 1, 1867.....\$2,499,783,365

Oct. 1, 1867.....2,495,277,446

Nov. 1, 1867.....2,491,004,450

Dec. 1, 1867.....2,501,205,751

Jan. 1, 1868.....2,508,125,650

Feb. 1, 1868.....2,527,315,373

Mar. 1, 1868.....2,519,829,625

Apr. 1, 1868.....2,519,209,687

May 1, 1868.....2,501,528,827

June 1, 1868.....2,510,215,886

Aug. 1, 1868.....2,523,534,489

Sept. 1, 1868.....2,553,614,313

The total increase from Sept. 1, 1867,

to Sept. 1, 1868, is \$12,830,938. An

increase of almost forty-three million

dollars a year!! That is the way the

radicals manage our debt and taxes.

\$1,750,000,000 have been paid by the

people of the United States in taxes

since the war ended; yet the national

credit is lower in the markets of the

world than that of Austria, Turkey, or

the South American republics; for while

the bonds of those Governments are at

or near par, those of the United States

have been selling from 70 to 75. Had

we had statesmen instead of partisans—

financiers instead of demagogues—hon-

est men instead of atrocious robbers, in

Congress, does any sensible man suppose

that the premium on gold would still be

maintained, and our bonds selling so

much below their face?—Pioneer.

BILLIARDS.

Championship of America—

Match at Chicago—Extraordi-

nary Game.

Chicago, Sept. 16.—The billiard

match for the championship of America

and a stake of \$1,000 1500 points, be-

tween Jos. Dion, of Montreal, and John

McDevitt, of Chicago, was played to-

night at Library Hall.

The game was called at 8 1/2. McDevitt

in the 9th inning, made the extra-

ordinary run of 1,462 points, closing the

game in his favor before 10 o'clock.

The score stood at the close, McDevitt,

1,502; Dion, 408. The Hall was densely

crowded, and great enthusiasm pre-

valled, but no ill feeling or disorder was

manifested.

Pennsylvania.

From the Philadelphia Age.

What of Pennsylvania? What of

the Keystone State? What will she do

in the coming contest? are of-repeated

questions. Our reply is, she will do

her whole duty. During the past week

we have seen several gentlemen who, in

the routine of business, have traveled

the State from the Delaware to the

Ohio, and the reports they give of the

state of public sentiment everywhere

uniformly point to an overwhelming

Democratic majority. Our informants

are men of intelligence, who would not

witfully misrepresent facts.

IMPORTANT TO DISTILLERS.

Price of Tice Meters.

L. J. Niles, of Warren, Massachusetts

and Wm. T. Durrill, of Georgetown, Dis-

trict of Columbia, selected by the

government, and Wm. P. Trowbridge,

of New York, selected by Mr. Tice, have

arranged the following schedule of prices

of the Tice meter, of different sizes,

which in accordance with the recent act

of Congress has been prescribed for use

in distilleries. Sample meter A, \$200;

sample meter B, \$250.

Meter No. 1, single counter, \$450;

meter No. 1, double counter, \$500.

Capacity, one and a half gallons per minute.

Meter No. 2, single counter, \$600;

meter No. 2, double, \$650. Capacity,

three gallons per minute.

Meter No. 3, single counter, \$800;

meter No. 3, double counter, \$850.

Capacity, six gallons per minute.

Meter No. 4, single counter, \$1,000;

meter No. 4, double counter, \$1,050.

Capacity, eighteen gallons per minute.

Commissioners Rollins has issued a cir-

cular requiring distillers to procure and

attach the meters, the failure of which

will make it the duty of the Collector to

close the distillery and institute pro-

ceeding for its condemnation and the en-

forcement of the penalties required by

law. Distillers of apples, peaches and

grapes exclusively, will not be required

to attach meters to their distilleries.

The Troy Times states that the Hon.

John T. Hoffman reached Troy on Wed-

nesday morning on his way to New

York, and was met at the station by a

number of his political friends, who

gave him a warm greeting. Presently

the Hon. John A. Griswold, Republi-

can candidate for Governor, entered

the Hudson River car in which Mr.

Hoffman had taken his seat and the two

distinguished opponents warmly shook

hands and seemed pleased to see one

another. The meeting was unusually

cordial on both sides. The two then

took seats together and enjoyed a pleas-

ant chat as far as Poughkeepsie, Mr.

Griswold's destination.

The weather is still gloomy.

Pic-Nic at Waconia.—The picnic

at Waconia last Sunday was a perfect

success. There were at least 1,000 peo-

ple upon the ground, and the utmost

order and good feeling prevailed thro-

out the day. An able address in Ger-

man was delivered by Mr. Jno. Kerker

of this place.

In the evening there was a concert at

Shum's Hall, of which we cannot speak

as we were not present. Altogether it

was a pleasant affair.

COUNTY FAIR.—In our remarks re-

garding the coming fair last week, we

made a slight mistake regarding the day

on which it is to be held. It is to be

held on Saturday the 10th day of Octo-

ber. No articles can be entered for

competition by any person, other than a

member of the Society. Membership

fee only \$1. Each one should see that

he is a member of the Society.

PAY UP.—It is an unpleasant thing

for a publisher to have to remind his

readers of the delinquency of his sub-

scribers. But now that harvest is over,

we would like those knowing themselves

indebted to us to call at our office and

pay up. Wood will be received in pay-

ment for subscription and other dues to
